# HAPPY WOMEN.

Wouldn't any woman be happy, after years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, To find relief and cure? No reason why any reader Should suffer in the face of evidence like this:

Mrs. Almira A. Jackson, of East Front St., Traverse City, Mich., says: "For twenty years I was doctoring for kidney and liver trouble, but without benefit. Just before I began using Doan's Kidney Pills I was almost paralyzed. I could hardly stand on my feet because of the numbness and lack of circulation. Had a knife been thrust into my kidneys the pain could not have been more intense. My sleep was disturbed by visions of distorted figures. The kidney secretions were noisily irregular, and I was tortured with thirst and always bloated. I used seven boxes of Doan's Kidney Pills. The bloating subsided until I weighed 100 pounds less, could sleep like a child and was relieved of the pain and the irregularity of the kidney action. My circulation is good and I feel better in every way."

A FREE TRIAL of this great kidney medicine which cured Mrs. Jackson will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists; price, 50 cents per box.

# The Hired Man That Was.

The old-time hired hand is gone. The one that used to work so much, "Workin' both his brain and brawn." Helped to cut and haul up hay; "Way up in the big red barn— Hot, but didn't care a darn. Kicked and raised a roar, Dumped a load and went for more. Tuck a personal interest In always doing things the best. Broke the coat to ride and drive, Swarmed the bees into the hive. Was out in snows and rains and blows To see no little calf got froze. Come to butcherin' he was fine; Knew just how to fix the trim; Knew the way to ring the shoats, Knew the cure for cloyer bleats, Till it really seemed by ring. The hired man knew everything. At night he'd sit and talk and smoke, And tell many a tale and many a joke. He'd lift the bull's kettle and set it quacking upon a hard. He'd chuckle at the way he'd do. Just to 'prise an' puzzle you. Old-time hired man is gone. And the kind you see to-day. Come at night and go at dawn; 'Work's too bloomin' hard" they say.

# The Paragraph Pulpit.

BY EDWIN A. RUMBALL.  
"If a man die, shall he live again?" We asked this question four weeks ago, and this week we give our last answer. What is it? Yes. Can I prove it? No. Have I any evidence? No. Do I believe it? No. Well how can I say that man is immortal if I do not believe it? My affirmation is not belief it is hope and hope only. The Bible never tells us we are saved by certainty, but it does say we are saved by hope. Hope is a persistent instinct and in all our most pessimistic forecasts for our selves it gives its under protest. Hope is no proof, only hope and like other hopes may be doomed to disappointment but it is the only relation we can legitimately take up towards immortality. Let this also be remembered that the hope is strongest in those who live best. It is fullness of life which strengthens the hope for the deathlessness of life. It is a life of good-will and pure thoughts that makes us think we are not made to die. Immortality is not a matter of but a fancy. It cannot be a matter of belief but only of faith. It does not belong to the realm of wakefulness, but the land of dreams. Though like a wanderer with the sun gone down, Darkened over me and my rest a stone; Yet in my dreams I would be Nearer my God to thee.

## Tuesday at the Fair.

The fair opened Tuesday morning with a large crowd of all kinds ready for business. The weather at first threatened shower but it soon cleared away with every prospect of excellent days to come.

By noon the crowd began to come in rapidly and the indications are that the largest crowd ever seen on the grounds will be here this year. There are good exhibits of cattle and horses, though the number may not be any larger than previous years, the quality is here and the admittance of good stock can certainly see some of the best stock in the State.

## The Baby Show

Babies to the right of you, babies to the left of you.

"Hush, don't go any further, the babies' mothers might hear you." In fact we did stand a little in fear of mothers, but the dear little babies never. They were divided into two classes, babies 15 months old and under, and babies from 15 months to 2 years of age. Every baby received a present and besides in the two classes each received six special prizes from \$1.00 to \$5.00, for the twelve the judges decided should have them.

Promptly at 2 o'clock the babies were all ready, dressed in their pretty little dresses and a collection of babies that the mothers of Oxford County should be proud of. To be sure they "talked" a little, still everything was new—they were being judged by strangers.

Babies 15 months and under:

Dorothy, Mrs. Walter Dennison, South Paris, Lawrence Co., and Arthur W. Lewis, G. W. Wood, Norway.
